St. Michael's College, Winooski, Vermont

Vol. 11,

NO. 15 / 6

MARCH 22, 1958

## Cheaper By The Dozen

By Gene Violette

It was announced from the office of the President today that arrangements have been made to ease the financial burden of families who have more than one son enrolled at St. Michael's.

The Very Rev. Francis E. Moriarty, SSE, said the plan would become effective this fall.

### REDUCTION OF 25% AND 50%

Parents who have two sons attending St. Michael's at the same time will get a reduction of 25% on the tuition fee of the second son. Those families which have three brothers in attendance at the same time will get a reduction of 50% on the tuition fee of the third brother.

Tuition rates at St. Michael's were raised to \$800 recently; effective this academic year.

Speaking in terms of dollars, this program means a reduction of \$200 from the tuition fee of a second brother on campus -- and \$400 from the bill of a third brother.

### EASE FINANCIAL BURDEN

Fr. Moriarty, President of St. Michael's expressed his opinion by saying that this would provide one way of easing the financial burden of parents who have to see more than one son through college simultaneously.

Another main reason for the reduction is that St. Michael's has always had a large number of brothers in attendance. St. Michael's is often mentioned as a "family type school".

### 35 BROTHERS ON CAMPUS

This year there are 35 brothers attending SMC. Among them are four sets of twins and three families which have three sons.

Freshmen have the monopoly on twins with three sets. They are James and William Kane, Paul and Peter Kullman, and Albert and Brian Tarleton. Sophomores take second place with one set: Frank and Ronald Aliazzo.

The three sets of three brothers are: James, Sullivan, and William Barr; Angelo, Corrado, and Rosario Cannizzaro; and George, Robert, and Wilfred Magette.

## Blood Drive To Be Held March 31

The former "Bloodiest Campus in the Country" will be the scene of a blood drive Monday, March 31.

Under the sponsorship of the Biology Club, the drive will be held in Austin Hall from 10 a.m. to 4 p.m.

Club prexy Bill Carey, said: "In past years, St. Michael's was known as 'The Bloodiest Campus in the Country'. Recently, however, although totals have been good we have lost the above title, of which we were justly proud.

"Besides, we must keep with the precedent of spirit so ably manifested by our basketball team".

William Burke, chairman of the drive, has set the quota well over 150 pints.

Committee assistants, Paul Staffier, Leo Flanagan, Paul Lennon, Tony Salvato, Joe

Bill and Jim Kane are among those brothers who will benefit by tuition reduction.

## THOUSANDS WELCOME RETURN OF KNIGHTS

A crowd of more than two thousand persons jammed the Burlington Municipal Airport apron and lobby to welcome home the second top NCAA small college basketball team in the country last Saturday night.

St. Michael's College Purple Knights were met by a bang-up reception when their plane flew in at 8:05 from Evansville, Indiana.

Basketball crazy Burlingtonians and Michaelmen were on hand "en masse" to greet the team that drew more support from Vermonters than anything else since anyone could remember.

### GRAND WELCOME

It was a grand welcome home for a team that, last December, no one picked them of even getting to the NCAA finals, to say nothing of the quarter finals.

The Iron Men, as they came to be called throughout the country as a result of their plucky winning spree that placed them "No. 2 in the country, and No. 1 With Us", turned the entire state into a basketball-wild jamboree for over a week.

Drums pounded, horns were blowing and the crowd chanted the "Michaelman Fight Song" and "The Saints" as the players stepped off the plane. It was nonstop as player after player came down the steps to be swept up by the crush of the crowd.

### "FORMAL" RECEPTION

The team and their coach, George "Doc" Jacobs, were "formally" welcomed by the Very Rev. Francis Moriarty, SSE, president of St. Michael's College. Mayors C. Douglas Cairns of Burlington and Armand Rathe of Winooski, plus host of other dignitaries.

From the Airport a motorcade, led by six convertibles,

(Continued on page 3)

## JUNIOR WEEKEND BUDGET PASSES STUDENT COUNCIL

A total of \$3180 was allotted to the Class of '59 by the Student Council Tuesday night, as a budget for Junior Weekend 1958. The budget was passed by an unanimous vote after a comparatively short debate of 15 minutes.

### THE BUDGET

## O'Hearn Named Nat'l Chairman Of Loyalty Fund

William J. O'Hearn of Newton Center, Mass., will be national chairman for the 1958 St. Michael's College Loyalty Fund. He served as Boston area chairman last year.

Dan Alfieri, president of the St. Michael's Alumni Association, today announced O'Hearn's acceptance.

Associated since graduation with the Polaroid Corporation at Cambridge, Mass., O'Hearn is a 1951 graduate of St. Michael's. A dean's list student, O'Hearn was inducted into Delta Epsilon Sigma, the national Catholic honor society and is included in that year's edition of "Who's Who Among Students in American Colleges and Universities". O'Hearn is a naval veteran of World War II, and a graduate of Everett High School.

He has been a member of the executive board of the Boston Alumni chapter and a member of the Boston Alumni Sodality.

Major contributions from the Loyalty Fund in recent years have been scholarships and a new campus lighting system.

Expenses		
Bands (3)		\$2250
Decorations		225
Favors		130
Barbature		180
Country Club		100
Misc.		50
Publicity		50
Square Dance		45
Piano		25
Police		30
Tickets		30
Waiters		25
King and Queen		25
Speakers (PA)		15
Total		\$3180
Income		
215 Tickets @ \$10.00		\$2150
Raffle		777.25
Tuxedos & Flowers		125
Soda		125
Pictures		45
Total		\$3222.25

According to Council regulations, the budget had been previously submitted to the Finance Committee by co-chairmen Jim Canavan and Jim Carroll. The Committee questioned two points - the barbecue and the exclusion of the \$300 still owed to the Council by the Junior Class.

### CANAVAN DEFENDS BUDGET

Speaking for the budget, Canavan pointed out that the \$300 was borrowed for the deposit on Buddy Morrow and his Orchestra and, therefore, was included in the total figure allotted for the bands. The barbecue was defended as an integral part of the Weekend with the theme "Oklahoma."

"Plans call for an open-pit beef barbecue at the beach Saturday afternoon that will play a major role in the atmosphere of the Weekend. It

(Continued on page 3)

## Fourth Annual Science Night March 27

St. Michael's fourth annual Science Night will be held March 27, at 7:00 P.M., in Science Hall. Invitations to attend the function have been extended to all high school students in Vermont.

Sponsored jointly by the Chemistry and Biology Clubs, the purpose of Science Night is to promote interest in science among high school students. It also enables attending students to examine St. Michael's facilities and program in this field of education.

### '57 "NIGHT" SUCCESSFUL

Last year's "Night" was highly successful with students representing fifteen Vermont high schools attending. Michaelmen are encouraged to attend not only to witness the interesting program, but also to create an informal collegiate atmosphere. "One of our goals is to improve relations between the represented high schools and St. Michael's," said Chemistry Club President Boryta.

(Continued on page 3)

Chemistry Club President Dan Boryta checks plans for Science Night with Biology Club President Bill Carey.

## St. Michael's Receives AP Rating

Ever wonder how your college looks to others?

St. Michael's College came off astonishingly well this week when the Associated press surveyed the New England Colleges.

AP Education Editor John B. Knox polled New England Colleges and Universities on their science curriculums and

especially on what effect "Sputnik" has had on regional college curriculums.

### "BIG PLAN" AMONG GIANTS

St. Michael's was the only small college and the only Catholic college mentioned as having taken steps to meet the challenge. Also, out of a series of three articles done

(Continued on page 3)

## The Virture Of Discrimination

"If you see a man who shows you what is to be avoided, who administers reproofs, and is intelligent, follow that wise man as you would one who reveals hidden treasures..." These words of Siddartha Gautama Buddha proclaim as he does throughout his teachings the essential virtue of the truly wise man and a prerequisite for his entrance to Nirvana (Heaven). This position is also in perfect accord with our own Judeo-Christian tradition.

Obviously to-day's Academe if not ignoring this thesis at least removes it from the realm of enviable qualities. Discrimination has become a dirty word and laws have been passed against it and the Air Force enforces them (as if morality and education can be legislated). But the important point forgotten by the proprietors of the Academe and the Latter Day Liberals is that discrimination is a virtue that springs from the very nature of man. It is this exercise of his freedom of choice that is the starting point of wisdom. How often do we discriminate in our daily lives? Our choice of friends, what we read, our whole process of self-improvement is undeniably a question of discernment - discrimination. Without the power to chose between objects we become like the willow tree. This is an endowed power which we must be free to exercise according to our wisdom and conscience or they will atrophy like the toes of the dawn horse.

P. TERRENCE O'GRAL

It is always a pleasure to raise our editorial pen in praise and we have much to praise today. The team has received many congratulatory letters and wirrs and there is little we could add to what has already been said of their feats. Many have commented on the kind treatment the team and students were given by the people of Burlington and Evansville, this too is right and proper. However, there is a group which deserves a special kind of thanks and this group is the students.

Youth is being continually subjected to slander and belittlement by self-appointed critics. Our elders often look askance at youth and mutter about "wild youngsters". However it was plainly shown at the tournament that youth is not unbridled and perhaps we have os sense of values that some of the critics may benefit from. The behavior and spirit of sportsmanship shown by all in Evansville was certainly exemplary. If anything the students went out of their way to act in a manner befitting college men and women. Saint Michael's and all of the other schools may well be proud of their students actions at the NCAA tournament in Evansville.

P.J. Fearey

AND THEN WHAT DID YOU DO WHEN HE SAID HE WASN'T GOING TO BUY A TICKET FOR JUNIOR WEEKEND?

## Interclass Race Nears Finish Seniors Lead

by David Barry

Since the last issue of the 'MICHAELMAN', the interclass basketball and debate tournament have been completed.

The final interclass basketball standings found the Sophomores in first place with a 8 and 4 win-loss record. Second place went to the Seniors with a 6 and 6 record. A tie resulted for third place between the Juniors and Freshmen with an identical record of 5 wins and 7 losses.

### JUNIORS WIN DEBATE

In interclass debating, the Juniors won top honors while the Seniors placed a close second. Third place was won by the Sophomores while the first-year men finished last.

### SENIORS LEAD

With the completion of these two tournaments the point standings have changed. The Seniors are still in first place with a total of 113 points. Second place is occupied by the Juniors with 96 points. The Sophomores have moved into third place with 90 points and the freshmen have fallen into last place with 72 points.

Charts of the interclass point standings have been placed on the bulletin board outside of College Hall and also in the Dining Hall.

### FUTURE ACTIVITIES

Future activities for interclass include rifle competition and the continuance of bowling. The rifle competition will begin at the end of March, with a screening of all students interested. The screening process will be the elimination of candidates down to the best six shooters from each class, with the final competition being held after Easter. Bowling, which started in October, will be completed before Easter vacation commences.

## Dr. Rosner To Speak On "Hell's Kitchen"

by Dick Hickey

Dr. Milton Rosner, Director of Canadian American Culture Study at Goddard College in Vermont, will give a Student Council sponsored lecture on "The Puerto Ricans of Hell's Kitchen in New York City", on March 25 in Science 107 at 8:00 P.M.

Dr. Rosner received his M.A. in International Social Work and an M.A. in Sociology from the University of Fordham. He earned his Ph.D. in Sociology from the University of New York.

He held a prominent position in governmental circles as a resident officer in the Military Government Section of the U.S. High Commissioners office for Western Germany.

### FORD FOUNDATION PROJECT

The Ford Foundation is supporting the research and work that is currently being done by Dr. Rosner and his dept. at Goddard. This is a specialized course.

"The Puerto Ricans of Hell's Kitchen in New York City" is the latest migration trend in the U.S. today that is having any noticeable effect on the nation. This trend sheds light on many other subjects, such as intergration, segregation and living conditions," said Dr. Rosner.

All students are welcomed and encouraged to attend this lecture by Dr. Rosner. This will be the fourth lecture sponsored by the Student Council this year. Senior John Haggerty is director of the '57-'58 Lecture Series.

Paul Lombardi Jr. Weekend publicity chairman hands Mayor C. Douglas Cairns envelope containing name of dance band prior to its announcement. Weekend co-chairmen J. Canavan and J. Carroll look on.

## DR. FAIRBANKS DEFENDS HUMANITIES PROGRAM

### Mr. Garrett Explains Committee

In the Feb. 28, 1958 issue of the MICHAELMAN, the fellowships were listed for which the newly formed Advanced Scholarship Committee will offer specialized guidance. To better inform students, Mr. Thomas A. Garrett, chairman of the committee, was asked to explain its purpose and function.

"According to present plans," said Mr. Garrett, the Committee will work on an invitation only basis. Students whom the committee believes to be potentially strong competitors for one or more of the awards will be interviewed to discuss their future plans."

### STUDENTS UNAWARE

"Many of the fellowships listed are national or international in prestige. In the past, students who would have been competitors never applied because they were unaware of the awards. Others applied too late, and still others made costly errors in the application process. Our committee hopes to remedy these defects.

"Although the Committee as such will confine itself to the fellowship programs as listed in the MICHAELMAN, students should realize that chairmen of various departments of concentrations are always willing to discuss particular institutional awards with their students," said the ASC chairman.

### HUNDREDS AVAILABLE

"There are literally hundreds of such awards, some with excellent stipends, un-nounced each year," he continued. "To get a sample of the variety, one need merely look at the bulletin boards outside Fr. Dupont's office." concluded Mr. Garrett.

The awards offered by the ASC, and listed with detailed descriptions in this student newspaper are: Danforth, Ellis, Ford, Fulbright, Guggenheim, Marshall, National Science Foundation, Rhodes, Root-Tilden, Woodrow Wilson, Walter S. Barr.

It should also be noted that the application dates which were stated for each award varies but slightly from year to year.

"Tips from a 'Great Bookie'" is the title of an article on the St. Michael's College Humanities program in the current (3/15/58) issue of "America" the Catholic weekly.

Dr. Henry G. Fairbanks, chairman of the Humanities Department at St. Michael's, is the author of the piece on the 'great books' in the "the St. Michael's Plan".

Instituted six years ago as "The Life and Thought of Western Man", the St. Michael's program requires all students in the sophomore, junior and senior years to read books ranging from "Oedipus Rex" to "Death of a Salesman".

The wailing wall of the humanists has long echoed with jeremiads denouncing the good reading in school curricula", Dr. Fairbanks writes. "Because an experiment at St. Michael's College uses many of the Great Books and some of the "forbidden books", in a way intended to restore reading to its primacy among the three R's, it may be helpful to pause, at least, at the door of this Vermont Laboratory to see what is happening".

### PURPOSE OF HUMANITIES

The purpose of the course, Dr. Fairbanks notes, is "To present a picture of (1) the sources, (2) the nature, and (3) the status of Western civilization. Individually, they acquaint the readers, often for the first time, with critical appreciation of the multiple art forms, as well as content, of poetry and drama, essay and novel".

### EXPLAINS INDEX BOOKS

Regarding books presently or formerly on the Index of Forbidden Books, Dr. Fairbanks writes: "They are read with permission and under proper supervision. Because they register so precisely the spirit of problems of a past age, to omit them - from however worthy a motive - would create an impassable gap and beget false emphases".

Dr. Fairbanks, a founder of the St. Michael's Playhouse, has his doctorate from the University of Notre Dame and has published widely.

DAILY MASS  
DURING LENT  
7:00 - 7:30

## Budget

(Continued from page 1)

is to be done in true Western style and served late in the afternoon, eliminating the necessity to dine in Burlington and change clothing twice between the beach party and formal ball," he said.

### BARRY QUESTIONS BUDGET

Dave Barry, Sophomore Class Prexy, requested a breakdown of the \$2250 allotted for the bands. It was then pointed out that Buddy Morrow is contracted for \$2000, a square dance band for \$50 and the remainder is to be used for a jazz band for a jazz concert at the beach Saturday afternoon.

The \$45 square dance item was questioned also. In defense it was shown that this amount was to cover decorations, floodlights and portable Public Address speakers. These items were needed to conduct the dance outside on the blacktop in front of Austin Hall, Friday evening, as is planned. The speakers accounted for separately in the budget are for the jazz concert at the beach.

Discussion turned to income for the Weekend. Ticket sales were estimated on the basis of the past two years and the raffle revenue has already been realized. Tuxedos and flowers are to be handled by the Junior Class through Burlington merchants at prices lower than anywhere else in the city. The soda estimate of \$125 is conservative, it was shown, when compared to the Winter Carnival's intake of \$190 profit on soda with 150 couples attending. The picture revenue is also based on last year's figures.

The budget which was granted is about \$450 less than last year.

### OTHER BUSINESS

In the only other action of the evening, the Council granted the Debating Club \$80 for a regional tournament at Holy Cross. This was granted due to the cancellation of the Club's proposed New England tour.

## Drive

(Continued from page 1)

Maloney, and Dick Bisson, will go around to all the dorms to pass out registration slips and time cards.

A ten dollar prize will be awarded to the winning floor among the residence halls or individual barracks.

"150 pints of blood is an awful lot of blood", said Burke, "but we've got the men to do it."

## Rating

(Continued from page 1)

by the Associated Press, St. Mike's drew favorable comment in two articles.

The fact that St. Michael's expects two years of science from students in all concentrations was one highlight of the survey. Another facet that drew attention to the college was the fact that 30 per cent of the Juniors are concentrating in science.

Much of the accent in the AP review was on the larger colleges like Harvard, MIT, and Dartmouth, while the University of Vermont was mentioned for broadening its Mathematics course.

AP's New England survey followed a similar survey of colleges and universities in Vermont by AP writer Bill Sinnott who led off his article with St. Michael's preeminence in science and ended up with a quote from Academic

Dean, Rev. Gerald E. Dupont: "We didn't have to wait for Sputnik to tell us".

## Welcome

(Continued from page 1)

paraded through the two cities of Burlington and Winooski, and Essex. It was followed by a string of over 200 cars carrying singing and cheering jubilant fans.

### GUEST APPEARANCE

After returning to the campus for a "late" dinner. The entire team proceeded down to Burlington High School Auditorium to make a guest appearance in the annual college musical revue, "Knights". They were given a standing ovation.

All in all, it was a fine tribute paid to a great team. Never before in the history of the college and the state had such a scene been witnessed.

## Science

(Continued from page 1)

All of Science Hall is open to the affair and demonstrations conducted by Michaelmen in Biology, Chemistry, and Physics will be held simulta-

neously on all floors.

It has been traditional in the past to have a guest speaker lecture on some topic of scientific interest. However, Dr. Henry Lemaire, Chemistry Club Moderator, said that no speaker had been engaged at present.

### DEMONSTRATIONS

A most interesting event should be a glass blowing demonstration by Dr. Lemaire. Other demonstrations planned for the evening, to mention just a few, are on how to determine the various kinds of bacteria and another dealing with the operation of a Geiger Counter.

## BULLETIN

Word was received today that the Sabre Air Command of St. Michael's Air Force ROTC detachment has been designated Wing Headquarters for New England.

This appointment designates St. Michael's as one of the eleven Wing Headquarters in the country.

The six present officers of the Command were promoted to fill the offices of the Wing Headquarters. Promoted from Cadet Major to Cadet Colonel Pasquale DeAngis. Also promoted were Fred Scarlatelli to Lt. Colonel and James Aquino, David Barry, Thomas Sheridan, and David Bouvier to Majors.

# AFROTC DRILL TEAM N.E. CHAMPS AGAIN

By Jerry Smilgin

For the second year in a row St. Michael's Air Force ROTC Drill Team has won 1st place in the New England unarmed competition held in Hartford, Conn., last weekend.

The team, commanded by Cadet Major Lawrence Clifford and Cadet Capt. Ed Goyette, left for Hartford Saturday morning accompanied by Air Force Capt. C. Gores and 1st Lt. L. Bernabo. After a good night's sleep the Michaelman attended Mass Sunday morning in a body and then proceeded to the drill area. At 10:30, as scheduled, the team put on its exhibition to compete for the finals.

### TEAM LOOKS GREAT!

General remarks were, that the Drill Team looked Great! Also competing in the morning were, UVM, U of Mass., Tufts, Trinity, RPI, U of Conn., Brown, Harvard and Boston U. The cut was made and from these teams six were selected. In the un armed meet there would be SMC, Trinity College, UVM. Competing in the armed meet there would be U of Conn., U of Mass., and RPI.

At 1:00 P.M. there was a General Review of all the

drill teams. At approximately 2:00 the first team went on the drill floor. Then at about 2:40 a highly spirited but also a very nervous St. Michael's Team marched onto the floor. For 10 minutes the team amazed the crowd with their sharp and precise movements. After their exhibition the team thought they were assured of the 1st place Trophy until they saw UVM perform.

Winners were announced and to the joy of St. Michael's team the boys from Winooski Park brought back the coveted 1st place trophy.

Sophomores on the team who competed were Barry Burke, Bill Young, John Gannon, Joe Rier and Joe Mahoney!! Freshmen were Bob Patterson, Mike Lynch, Frank Steele, Roger Plasse, Jim Novak, Jerry Smilgin, John Moore, Neil Kelly, Gene Cline, Jerry Boisseau, Bob Proctor, Larry Costanzo and Jack Donoghue.

# A Backward Glance

DREW DENMEAD

Captain of the St. Michael's College Basketball Team

Who ever thought on Oct. 15th, the day we started practice, that we would be the number two team in the country when the season came to a close. I didn't and I don't think I was alone, but it's a great honor and I feel we really accomplished something.

This is the third St. Michael's team I've played on and this team took the longest to jell as was indicated by our mediocre season. We had it in us for a long time, but it took about three-fourths of the season to let go. We put on a poor showing at Quantico, losing two games, then we came back here and when we won the First Annual St. Michael's Invitational Tourney I thought we were on our way. We never did get started until about two months later when we met UVM and literally exploded.

We received a bid to the NCAA and went on to Boston for the regional playoffs. This was it. We had to win after missing by only a point last year. We beat RPI after getting off to a slow start and I thought Adelphi was helping us by knocking off Brandeis, but with "Tiger" scorching the nets the way he was, we could have beaten anyone.

When we arrived in Indiana we were welcomed with open arms and treated like kings. In the first game we were underdogs against the Number 3 offense team in the country - Grambling College of Louisiana. They got off to an 8-0 start and we didn't know what hit us, but nevertheless, no one seemed to panic. Time out was called and that minute gave everyone a chance to think what losing that game would mean. It would mean that those who traveled 1100 miles would have to turn around and head home. It would be letting "Doc" Jacobs down and he knew more than anyone that we could do it. With these and other things in mind the whole ball game changed. The next time I looked up at the scoreboard, it read Knights 15 - Tigers 14. You know the rest. We fooled the experts. We were in the Semi-finals!

Everywhere we went people asked us questions about the school and the team.

Evansville was next and they had Western Kentucky, U.C.L.A. and Butler under their belts and the crowd was also on their side. It was their home court, but with the St. Michael's student body ever increasing in Indiana, we knocked them off. Into the Finals we went.

We had gotten a full tank of gas before the UVM game back on Feb. 26th and here is where it ran out. We had gone a long way on one tankful. It's just too bad we didn't stop to fill up on the way. We lost in the finals, but the students at St. Mike's and people of Vermont didn't seem to look at it that way and I want to thank them for backing us.

## Batmen To Play 8 Game Season Begin Practice

The Saint Michael's College baseball team announced their spring schedule last Tuesday. The schedule consists of 8 home games and 5 on the road.

At the same time Coach Ed Markey announced that practice will start on Tuesday, the 25th of March in the college gym. Markey also stated that he expects a well seasoned team to report as many of last years team are juniors and Seniors. Among the returning Seniors are outfielder Pete Ruselowski and infielder Joe Haley. The juniors will be represented on the club by catcher Jim DesRoches, infielders Dick Smyrski and Hank Gretkowski and outfielders Spike Michaud and Ralph St. Peter.

Markey said that he expects Warren "Lefty" Tessier to do most of the pitching chores, along with the assistance of St. Peter and Sophomore Pete Griffin. When questioned about how the club will do offensively he said that two of last years leading hitters are returning to the line up, Tessier and Smyrski who batted .333 and .304 respectively.

When asked about the team in general, he replied that except for the pitching all other positions will be unsettled until opening game. But that when the team opens at home against Plattsburgh Teachers College on April 26, the rest team will be on the field and that we should be in for an interesting season.

### SCHEDULE OF SMC

Apr. 26	Plattsburgh Teachers (Home)
28	Vermont (Home)
30	Middlebury (Home)
May 2	Norwich (Away)
3	Plattsburgh A.F. 11 A.M.
7	Plattsburgh Teachers (Away)

## Knights Sweep Top Honors On State Teams

by Dick Allen

St. Michael's, State Champions, took top honors by placing three men on the all-state team and two men on the second team.

Along with placing the whole starting five on the first and second teams, the Purple Knights' Jim Browne was voted "player of the year" and Coach George "Doc" Jacobs was voted "coach of the year".

St. Michael's, state champion's for the past three years, three time New England Small College leaders, and now runners-up in the NCAA National Championship, dominated the slate.

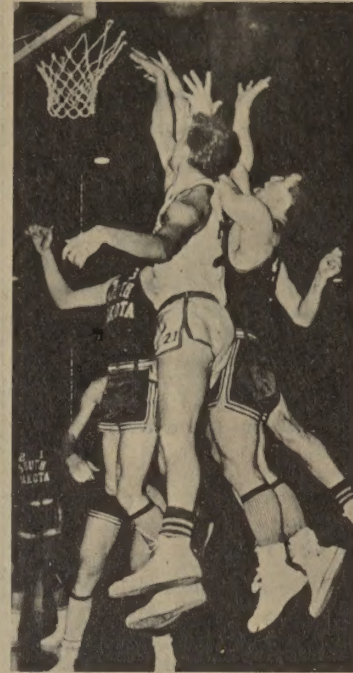

The Knights placed their big three, Hank Gretkowski, Jim Browne, and Dick Zietler on the first team. Gretkowski, a junior, has made the all-state team for the second year in a row.

Last year he also earned the title of "player of the year". Gretkowski, standing 6-5, has shown his ability throughout the year as a capable rebounder, and a top-notch all around performer.

**THE FLOWER POT GREENHOUSE**  
Flowers Telegraphed  
Anywhere  
CORSAGES our  
SPECIALTY  
Across from St. Michael's

## MOOSE, BROWNIE ON ALL TOURNEY TEAM

After the Evansville Tournament was over the sports-writers and announcers picked an all-tournament team and a Most Valuable Player.

When all the votes were in St. Michael's was the only school to place two men on the All-Tournament Team, with Dick "Moose" Zeitler, high rebounder of the tournament, and Jim Browne on the first team. The rest of the team was composed of Ed Smallwood of Evansville, Mal Peterson of Wheaton, and Jimmy Daniels of South Dakota. On the second team, St. Michael's placed "Tiger" Nicodemo, which made St. Michael's, the only team in the tournament to place 3 men on the first ten.

When it came to picking a most valuable player of the tourney, it was a hard decision for the judges. When the totals were in Ed Smallwood of Evansville just beat out Jim Browne of St. Michael's by 4 votes.

As a result of their play in the NCAA, the Purple Knights finished the season with a record of 19-7 over all and 19-5 in college play.

WE'LL NOW THAT WE  
ARE ALL FRESHENED UP  
FROM OUR VACATION AT  
EVANSVILLE.....

## Ivy League

Is it ever Ivy! Why, Coke is the most correct beverage you can possibly order on campus. Just look around you. What are the college social leaders going for? Coca-Cola! So take a leaf out of their Ivy League book and do the same! Enjoy the good taste of Coke!

## Meet Our "Private Eye"

We call our Diamondscope our "private eye" because no one but a Registered Jeweler (like us) may own one. With it, we see the important "inside" of any diamond.

Come in, meet our Private Eye... just one more reason why it's so wise to come to us, a Registered Jeweler, American Gem Society.
